Responsibility extended social

In our approach, we go far beyond basic industry-related social activity, which significantly distinguishes us from other developers. We act holistically and look at numerous aspects of social functioning in the places where we develop our investments.

We inspire and support their development through thoughtful, diverse charitable activities, sponsorships and cultural projects.

These are carried out at Cavatina's corporate level and by entities with which we work closely.

CAVATINA HALL A WIDE SPECTRUM OF EXPERIENCE

Music is emotion. We give them space. At Cavatina Hall, we act holistically, offering audiences exposure to music from all corners of the world in a comfortable space.

We also open our interiors to young talents and interesting ideas. We delight in music and good company, which is why we create this place as open to everyone.
